2005 Annual Report

Brampton and Area
Community FOUNDATION
Your gift will last forever.

“We are grateful to the Brampton and Area Community Foundation for supporting the stove-top burner project, sponsored by Peel Senior Link in partnership with Peel Living and Pioneering Technology to: provide seniors with fire and burn prevention and safety, enhance seniors capacity for independence and dignity; and determine the potential for energy savings.”

— *Raymond Applebaum, Executive Director, Peel Senior Link*

“Carl Ingebertson’s fine reputation in the Brampton community, and the investment of his endowment fund with the Brampton and Area Community Foundation, both brought increased visibility to the bursary program at Peel Children’s Aid...it was a relief to both Carl and the CAS to know that the funds would be invested wisely by an experienced organization like the Brampton and Area Community Foundation, so all Peel CAS had to concentrate on was providing service to its clients.”

— *Catherine Hinton, Executive Director, Peel Children’s Aid Foundation*

Putting Down Roots

Mayor's Message:

I am so very proud of the contribution the Brampton and Area Community Foundation (BACF) has made to our great city of Brampton by providing a wonderful opportunity for all philanthropists to participate in perpetual charitable giving that supports charitable causes they hold dear.

Brampton is a community that values the contributions people make to our society. We stand behind initiatives, organizations and institutions that strengthen the quality of life in our wonderful city.

It is that level of community support that has enabled the BACF to quickly develop into a strong organization that has become an important philanthropic institution. Its success is a testament to the spirit of our citizens.

I congratulate the BACF on their good work and charitable accomplishments to date. With continued community support the BACF will grow and prosper, serving the interests of charitably minded Bramptonians today, tomorrow and for generations to come.

Susan Fennel
Mayor, City of Brampton

Message from the Board Chair & Executive Director

2005 has seen continued growth of the Brampton and Area Community Foundation (BACF) in terms of endowment building, grant making and awareness of the organization within the community.

Today, the BACF has an endowment portfolio valued at almost \$2.4 million, which is an increase of approximately \$500,000 from last year at this time. Current fund holders continue to make significant contributions to their endowment funds at the BACF which is a great sign of support and confidence not only in the BACF as an organization but the mission of a community foundation as a whole.

Grant making has increased markedly in the last year. In June of 2005, the BACF made grant distributions totaling approximately \$43,000 from 19 individual fund distributions. This year, grants total approximately \$82,000 from 34 individual fund distributions. Currently, the BACF has 44 endowment funds, of which 43 should be distributing in 2007.

The profile of the BACF continues to grow with the purpose and place of this community institution becoming more apparent every day. In 2005, the BACF was particularly proud of holding its first 'Fund-Holder Recognition Function'; and creating a new large scale October event called, The OPAL: A Lasting Legacy, at which the BACF's fund-holders, grant recipients, notable Brampton and area philanthropists and supporters of the Foundation attend a dinner to recognize the important contributions made every year by the charitable service organizations that the BACF funds through grants. Additionally, the BACF also hosted a Professional Advisors' seminar, a networking session for area charitable service organizations in February and the annual Grant Information Session in September.

As an organization, the BACF has a strong board of directors, a full-time executive director and developed established business practices that allow the organization to present itself in a confident and credible manner. With over 40 permanent endowment funds at the BACF, the Foundation continues to attract excellent fund holders who see the BACF as the ideal vehicle to express their philanthropy as reflected by the number of individual endowment funds held by the BACF.

Other endowment fund opportunities of great significance for the BACF are close to fruition. These new endowments will see the BACF make the 'next step' to a dramatically higher level in total endowments. The past year has been an important growth period for the BACF and the future of the organization is strong.

David Sharpe, Chair

Jim Boyd, Executive Director

Peel Senior Link – \$5,000

This grant supports a unique community project that protects its eldest citizens. With special thanks to the Max and Lois Rice Fund which also supported this grant, the Brampton and Area Community Foundation community funds have provided Peel Senior Link funding for its fire/burn prevention program for seniors.

The fire death risk among seniors is more than double the average population. This grant has enabled Peel Senior Link to install the Safe-T-Element technology, an innovative patented product upgrade for electric coiled stove elements, engineered to prevent cooking fires before they start. This

pilot project will involve 36 seniors in Brampton. Should it prove successful, there is a strong possibility that these Safe-T-Elements will be installed throughout Region-owned buildings, thereby allowing our seniors to live with dignity, stability and safety in our community.

Credit Valley Hospital Foundation – \$3,610

In recognition of the health needs of Brampton and the regional approach of the Ministry of Health to cancer care, a grant from the BACF Community Fund will assist in the purchase of a spot vital signs monitor.

The Carlo Fidani Peel Regional Cancer Centre at Credit Valley, serves many individuals of Peel, Halton and beyond. Currently the hospital serves 39,000 outpatients from Brampton every year. The cluster of care provided to the residents of peel will ensure a region of excellence in health care from both the William Osler Centre and the Credit Valley Hospital.

Credit Valley Conservation Foundation – \$2,000

With the help of this grant, the Credit Valley Conservation will be able to work with culturally diverse groups within our community to establish alternative religious offerings that can be used without adversely impacting the Credit Valley river system.

Donor Advised and Field of Interest Grants

The Best Start Health Coalition, Peel – \$2,000 LOIS AND MAX RICE FAMILY FUND

Being pregnant can be a very joyous occasion; but being pregnant for the first time, especially as a teen, can also be trying. The Best Start Health Coalition in Peel aims to reduce the incidence of low birth-weight babies by offering free comprehensive services that promote healthy pregnancies. The coalition of health organizations offers 8 Health Start program sites and 2 Teen Prenatal Supper Clubs. All sites are staffed by public health nurses and child care staff with regular visits by trained social workers. This gift from the Lois and Max Rice Family Fund will enable the coalition to continue and expand this work for the benefit of the newest in our community.

Telecare Distress Centre, Brampton – \$2,000 LOIS AND MAX RICE FAMILY FUND

Imagine a child or teen that is feeling lonely, is abused, has lost their job, has lost a loved one, is feeling depressed or suicidal and have no one to whom they can turn. The Telecare Distress Centre recruits and trains over 100 volunteers every year to provide a listening ear to over 20,000 calls to comfort and support callers, listen when others won't, and understand when others can't. The funding provided to Telecare will enable them to update their technology to ensure that the volunteer at the other end of the line has been trained fully to deal with all concerns.

Peel Literacy Guild – \$4,500

LOIS AND MAX RICE FAMILY FUND

For those who cannot read the world becomes a lonely and frightening place. The Peel Literacy Guild recognizes the frustrations and loneliness of a world without written words. Max and Lois Rice, through a grant from their donor advised endowment fund, will ensure the inclusion of many in a reading society. This grant will enable the Brampton Learning Centre to upgrade equipment and purchase popular learning software SuccessMaker. This grant will ensure many adults will develop the ability to better understand and use the written word to function in society, to help achieve one's goals, and to develop one's knowledge and potential in today's information society.

ART AND MABEL MORRISON FUND

ROBERT AND NANCY BELL FUND

Meet Some of Our Fund Holders

Eleanor West

Eleanor West created the Art and Mabel Morrison Endowment Fund at the BACF in 2003. It was a fund created to honour her parents; and to perpetuate and personify their spirit of giving back to the community that they had called home since the early 1900's.

As the Great Depression waned, and Art's business grew, their ability to devote more time to charitable interests also increased. Mabel was an avid volunteer at Grace United Church, participating in many projects through the Church's women's group. Art also devoted much time to Church projects, and to the community as a whole through the Brampton Lions Club of which he was a Lifetime Member.

Eleanor worked professionally as a teacher of Special Needs Children and performed volunteer work to help remodel the Sunday School areas of Grace United Church. It was at the Church where she met her husband-to-be and her best friend in life, Garth. Garth worked on many Kiwanis projects and later became a Meals on Wheels volunteer. Sadly, Garth passed away in 2001, but like Art and Mabel, his spirit and commitment to the community will also live forever through the Art and Mabel Morrison Endowment Fund at the BACF. This Fund provides annual grants to worthy charities in our community – grants that make a real difference.

As Eleanor says, "Through the work of the Brampton and Area Community Foundation, I am pleased that Mom and Dad's appreciation of their fellow man and their love of Brampton will continue and I am delighted that I was able to make a contribution in their name."

Garth and Eleanor West

Kelly Robertson

In memory of his late wife, Ann, Kelly created the Ann Robertson Memorial Fund at the BACF. Apart from initial contributions, Kelly, and his kids Michael and Sarah, have continued to grow this endowment fund through the annual Ann Robertson Memorial Golf Tournament which was again held in 2005 at the Derrydale Golf Course.

The net proceeds from the tournament go to the ANN ROBERTSON MEMORIAL FUND at the BACF. Each year the Foundation distributes the proceeds from this fund to the Salvation Army Family Life Resource Centre and other worthwhile charities.

The Fund, through both the golf tournament and individual donations, now has a value of almost \$30,000! Kelly's objective is \$50,000. Ann's fund will go on in perpetuity, and the annual grants from Ann's fund will make a significant contribution to the charities Ann's Fund supports...forever.

Meet Some of Our Fund Holders

William Osler Health Centre Foundation establishes Fund with BACF

In January 2005, William Osler Health Centre Foundation established the Brampton Hospital(s) Fund with the Brampton and Area Community Foundation. Following numerous conversations between Bob Bell, then Chair of BACF, and Anne Randell, President and CEO of William Osler Health Centre Foundation (WOHC Foundation), it was agreed that it would be a beneficial option for people in the community to make a donation or set up a permanent endowment for their local hospital. This is an opportunity for individuals, corporations or organizations to provide support to either Peel Memorial Hospital or the new Brampton Civic Hospital (or any additional hospitals in Brampton in the future).

The Brampton Hospital(s) Fund is a great example of community partnership between WOHC Foundation and BACF. Both organizations have similar goals and objectives – helping the community – so this partnership makes perfect sense, providing an additional way to support health care in the greater Brampton area.

WOHC Foundation is grateful to all BACF donors who choose to support the Brampton Hospital(s) Fund and the future of health care for our great community.

Colony Ford Lincoln

Colony Ford Lincoln has been serving the Brampton and surrounding area for almost 40 years from its current location at 300 Queen St. E. The dealership provides full service to its customers, including a complete collision centre and an all-makes leasing division. Owned by Mr. Keith Coulter since 1970, Colony was recently purchased by his son-in-law, Mr. David Kerr in 2000.

Already a successful dealership, Colony's premises underwent an extensive physical renovation a year ago to better serve its customers' needs in the coming years. The dealership is a modern facility and well equipped to continue to provide a 'Customer First' approach and attitude. With such a commitment to Brampton and area, and the business success that has resulted, it is easy to understand why Colony would like to give back to the community it has called home for almost 40 years.

Colony decided that the creation of an endowment fund at the Brampton and Area Community Foundation was the best option. Because perpetuity and permanence are the cornerstones of an endowment fund, Colony felt this philanthropic approach would best suit its philosophy of making a long-term commitment to our community.

The Colony Ford Lincoln Endowment Fund at the Brampton and Area Community Foundation is an unrestricted fund and annual grants from this Fund support a wide variety of charitable organizations within Brampton and area. In 2005, a grant from this Fund helped support a grant to Credit Valley Conservation for an important initiative to help preserve the quality of water in the Credit River.
